St. Joseph's Health Centre Foundation Newsletter | Summer 2016

NEWLY RENOVATED CHILDREN'S FLOOR AND CIBC JUST FOR KIDS CLINIC

Keeping the Promise of better care for kids, thanks to CIBC and other donors

SEE FULL STORY ON PAGE 6

Pictured above, from left to right: Dr. Dan Cass, VP, Medical; Maria Dyck, Foundation President & CEO; Dr. Ted Rogovein, Chief of Staff; Roman Dubczak, Vice-Chair, Foundation Board; Victor Dodig, President & CEO, CIBC, and Promise Campaign Co-Chair; and Dr. Eddy Lau, Chief of Paediatrics, join four local kids in celebrating the renovated children's floor and CIBC Just for Kids Clinic.

Read inside to learn more about the Promise St. Joseph's is making to you and your community… and the impact you've already had.

ST JOSEPH'S
HEALTH CENTRE FOUNDATION

YOUR COMMUNITY. OUR PROMISE.

Seeing your name in this newsletter and reading the many different ways you have made a difference for St. Joe's shows that Helen Keller was right when she said, "Alone we can do so little, together we can do so much."

Over the past few months, we have unveiled our renovated children's floor and CIBC Just for Kids Clinic, put new technology in use, and are so much closer to realizing new ways to care for patients in better space.

This is because of you. You're helping us keep a very important promise – one that was made almost 100 years ago by the Sisters of St. Joseph. This Promise is to be there for you and your family, and your friends and neighbours in our community.

We make promises at our most important occasions – when we get married, when our children are baptised, and when we become citizens. We also make our children promise when we want them to take a commitment they are making very seriously.

At St. Joe's we've made a very big promise – and one that we take incredibly seriously. We've promised to be the best health centre we can be so this community can be one of the healthiest in Canada. To do this, we are launching a $70 million campaign of the same name, Promise.

You may have seen a bit more of St. Joe's recently – on transit shelters and in social media. We want to share our Promise widely so you can learn about the many ways you are helping us take care of our community.

When you give, you are supporting great care for you, your family and neighbours. You will see in the pages ahead that when we come together as a community, we can do so much.

Thank you for helping keep the Promise.

Larry Chapman
Chair, Board of Directors
St. Joseph's Health Centre Foundation

Maria Dyck

WHAT A BANK CEO AND HOCKEY HALL OF FAMER HAVE IN COMMON

CIBC President and CEO Victor Dodig and Toronto Maple Leafs President Brendan Shanahan lead the campaign for St. Joe's

Victor Dodig

Brendan Shanahan

President and CEO of CIBC Victor Dodig grew up in the west end. His parents arrived here more than 50 years ago and they worked hard to give their children opportunities in life.

President of the Toronto Maple Leafs Brendan Shanahan says the west end is a special place because it's where he grew up and played hockey.

Now they share more in common besides their west-end roots. Victor and Brendan are joining together to lead St. Joseph's Health Centre Foundation's $70 million Promise Campaign – and making a promise themselves.

"St. Joseph's is the heart of healthcare in the west end," says Victor. "People don't always realize how much they rely on it, but it's always there for you. I was born at St. Joe's, my brother was born there, my father died there. I am really proud to be co-chairing the Promise Campaign because I am passionate about St. Joe's."

Brendan shares the same passion. "St. Joe's has always been there for my family and the whole community with compassionate care above and beyond the ordinary. When St. Joe's asked me to play a role that would improve not just my life, but the lives of people I grew up with, I really wanted to help."

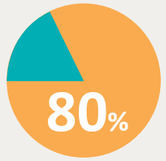
To hear Victor and Brendan's promise, please visit supportstjoes.ca.

Our Reach

We care for **500,000** people in a community the size of Newfoundland and Labrador.

More than **300,000** people come through our doors every year.

26 communities surrounding St. Joe's – from the most affluent people to the most vulnerable.



of our neighbours will have all of their health care needs met in their local community.

400 beds

Our People

4,740 ready to help our neighbours

2,700 staff
400 physicians
600 medical students
570 interprofessional practice students
470 volunteers

3 WAYS WE'LL KEEP THE PROMISE TOGETHER

1. You will make patients' journeys at St. Joe's better.

Your gift will help redesign key services to make the care at St. Joe's more efficient. This means redeveloping our spaces to adopt new models of care that mean less waiting. One example is our trusted Emergency Department with 100,000 visits annually. This space will be redesigned to take full advantage of Super Track, a successful pilot project developed at St. Joe's that is cutting wait times by pairing a physician and nurse with patients when they arrive to get them the tests and care they need in the timeliest way.

Your gift will also create specialized areas so patients can benefit from a one-stop care experience. For example, women who have found a lump in their breast and are anxious for results will go to the Centre of Excellence in Breast Cancer Screening and Treatment for a mammogram, diagnosis and treatment plan – all in one day.

Ms. Tal gets some help leaving the Elderly Community Health Services Clinic.

2. You will help provide the best possible experience for patients at St. Joe's.

Your support will help modernize and build new spaces to create better clinical space to improve care and ensure a healing environment – proven to be a key factor in better patient outcomes. As we have seen with our improved children's floor, spaces for care need to be well-designed to suit patients' needs. Together, we will build spacious, yet private, areas to improve the flow of the unit, and promote healing with comfortable décor, warm and soothing colours, and an abundance of natural light.

For example, your support will help create an updated Mental Health Emergency Services Unit, a space for patients who are in crisis due to a mental illness, make our paediatric emergency truly special for children, and improve our oncology unit to help more people on their cancer journey.

Johann Alexander received mental health and addiction care at St. Joseph's. The proud father of five says: "Today is better than yesterday," thanks to staff like Alisa Welsh-Knight, an addiction service worker.

3. You will help improve care through teaching and education.

St. Joseph's Health Centre is a leader among community teaching hospitals in Ontario. Last year, we trained over 570 interprofessional practice students and 600 medical students. We are in the top four of 18 community teaching hospitals in the province and we are consistently the top choice for learners in paediatrics.

Your gift will take teaching and education to the next level by helping build a Learning and Innovation Centre for our doctors, staff, students and the community. You will help give them access to a 200-seat auditorium, skills lab, smart classrooms and other dedicated learning spaces so our teams can keep pace with the latest best practices.

Chief of Surgery Dr. Chris Compeau (far left) has a teaching moment outside the Operating Room.

Help keep the Promise. Go to supportstjoes.ca to learn the many ways the Promise Campaign will transform care for our west-end community.

Promise.

The campaign *for* St. Joseph's Health Centre

Together, we'll keep the Promise to continue to find new ways to meet our patients' needs and be there for them when they need us. Your support of Promise, our $70 million campaign, will make the following possible:

- **Renovating our Mental Health Emergency Services Unit** to create better space for care and ensure a healing environment for our neighbours in crisis due to mental illness.
  Raised to date: $1.7 million
- **Designing a new Paediatric Emergency** to help take the very best care of our kids in a space truly special for them.
  Raised to date: $1.2 million
- **Creating a Centre of Excellence in Breast Cancer Screening and Treatment** where women are screened, diagnosed and given a treatment plan in one day. Your help will also purchase an ultrasound and a second mammogram machine to screen twice as many women.
  Raised to date: $2.8 million
- **Enhancing patient spaces** like our lounges and waiting areas so patients and their families can gather together in comfortable spaces while at St. Joe's.
  Raised to date: $600,000
- **Creating a Learning and Innovation Centre** to give our doctors, staff and students a place to train and learn best practices to continue to care for you in the best possible way.
  Raised to date: $1.4 million

These are just some priorities in our Promise Campaign. To learn more about what is possible, please visit supportstjoes.ca.

DELIVERING ON OUR PROMISE FOR BETTER CARE

A million thanks to CIBC and the community for caring for kids

Newly-renovated children's floor unveiled

It was a great day for our community. On April 20th, families joined our paediatricians and staff to celebrate the newly-renovated children's floor and expanded Just for Kids Clinic with some big news. A $1 million gift from CIBC is supporting care for kids and our beloved clinic will be known as the CIBC Just for Kids Clinic.

"Thanks to CIBC, and the support of other lead donors and the community, more than $1.5 million was raised to improve our entire children's floor and expand our walk-in clinic for kids," said Maria Dyck, Foundation President and CEO. "People like the Selke Family and the Front Street Capital Charitable Foundation, the R.P. Bratty Family Foundation and the Sprott Foundation gave because they care about our neighbours and meeting the health needs of children. Because of them, we've kept a promise to build the best place to care for kids in our west-end community."

The spacious and welcoming floor includes an improved reception and waiting area that improves the flow of the clinics, as well as a new children's play area with interactive games. The expanded CIBC Just for Kids Clinic means paediatricians can see more children in a timely way.

President and CEO of CIBC, and Co-Chair of the Promise Campaign, Victor Dodig says he remembers coming to St. Joe's as a child, making the opening extra special for him. "I have a long history with the amazing work done by St. Joe's - a history that dates back to the day I was born here," he said. "It's wonderful to help open the new CIBC Just for Kids Clinic to provide expanded and innovative health care services to families and kids in the west-end community." CIBC's million-dollar gift will also support a new Paediatric Emergency as part of their commitment to put the needs of children first.

Thank you to the following lead donors who made a gift to make this transformation possible: CIBC, the Selke family, Front Street Capital Charitable Foundation's Summer Solstice, R.P. Bratty Family Foundation, Tamara Bratty and Julia Bratty's Ladies' Lunch, Sprott Foundation and Dr. Shonna Masse and The Children's Dental Centre.

The design brings in elements of the west-end community. "We wanted the new space to feel like an extension of the neighbourhood," said Dr. Eddy Lau, Chief of Paediatrics. "The design and the décor were inspired by the nature of High Park and nearby waterways like Grenadier Pond and Lake Ontario – elements illustrated by award-winning local artists Sydney Smith and Mike Ellis. We're so grateful to CIBC and everyone who supported this project."

Dr. Dilip Mehta (left) and Dr. Peter Forbath (right), two of the three founders of the Just for Kids Clinic, join Gary Selke, a lead donor of the project. Gary says Dr. Mehta saved his daughter's life more than 20 years ago and is now pleased to give back.

Campaign Cabinet member Chris Bratty and his wife Tamara Bratty, Foundation Board member, came to celebrate the newly-renovated children's floor, a cause they have generously supported.

A HOME AWAY FROM HOME FOR DIALYSIS CARE

Construction on new dialysis centre to begin this fall

Looking west over the treatment pods toward the main desk and the entrance to the unit

Looking south from the team station towards the treatment chairs

Looking west from the team station towards the treatment pods

Looking north toward the team station

Looking north along the east wall of private rooms

Looking into the waiting room from the Tranquility entrance

Salah Bachir and Andrea Martin at The Salah Bachir Show gala fundraiser for St. Joe's.

Construction will begin this fall on the new Bachir Yerex Family Dialysis Centre. This expanded space will be more than double the size of its current location with 24 treatment stations, four private rooms, one isolation room, a new water treatment and ventilation system, with windows to bring in natural light.

"This new centre is being built because Salah Bachir, a west-ender and dialysis patient himself, wanted to help St. Joe's keep a promise to better care for people in our community who rely on dialysis treatment," says Maria Dyck, Foundation President and CEO. "Support from the government and the community, including our own staff and physicians, also helped complete the funding for the centre and purchase equipment for both it and the Community Renal Centre on Islington Avenue."

Salah has given generously and has helped raise more than $2 million to build the new centre and support other needs for patients on dialysis. He is a volunteer leader of the Promise Campaign, Honorary Patron of our Share your Light Festival, and has hosted a gala for St. Joe's for the last two years. The Salah Bachir Show has had a line-up of Canadian entertainers, including award-winning comedic movie actress Andrea Martin, Tony award winner Louise Pitre, singer and actress Jackie Richardson and R&B, jazz and gospel singer Billy Newton-Davis. The two galas have raised more than $1 million for the Bachir Yerex Family Dialysis Centre.

Special thanks to this year's lead supporters of The Salah Bachir Show: BMO, Bell, Scotiabank, Cineplex Media, Cineplex Entertainment, Labatt, Mantella Corporation, Slaight Family Foundation and Suzanne Rogers.

THE BEST CARE UNTIL THE VERY END

St. Joe's to build new Palliative Care Centre thanks to 100% donor support

Over $7.9 million has been raised to meet a critical need in our west-end community – the need for compassionate palliative care and support to those nearing the end of their lives.

"At St. Joseph's Health Centre, our vision is to advance the health of our community by taking care of our patients at all stages in their lives. We have all read about the need for palliative care and support in Canada," says Larry Chapman, Foundation Board Chair. "Thanks to the generosity of donors, we will help close this gap for our community. Plans are underway to build a Palliative Care Centre to help patients get the care they need at the end stages of life, and support family and loved ones. This new centre is a wonderful example of what our donors can do."

The new centre, which will overlook the lake, will have two integrated components – the first is a beautiful, dedicated centre with eight to 10 beds to provide solace, comfort and support for patients and families, as well as special spaces for loved ones like a room for music and activity. The second is a clinic for patients who need their symptoms managed but want to remain at home.

Watch for more information on this new Palliative Care Centre coming soon.

CUTTING WAIT TIMES IN HALF

New fluoroscopy table now in use

In May, Dr. Umesh Jain toured donors through the Cystoscopy Unit to see the new fluoroscopy table they funded. Janko Herak, a lead donor on the project, helped officially open the Herak Family Surgical Suite where the technology is now in use.

Thanks to you, patients with painful kidney stones, prostate problems, bladder cancer and other urological conditions are not waiting as long for treatment. Your gifts raised $330,000 to help purchase a new fluoroscopy table for our Urology team.

The new table arrived this past fall and is cutting wait times in half. It's no ordinary table but one with diagnostic capabilities that allows doctors to watch what they are doing in real-time through image-guided surgery. This means smaller incisions so patients can recover faster and go home sooner.

Thank you to Janko Herak and The Herak Family for making a lead gift to bring this technology to St. Joe's, along with the many patients and neighbours who supported this project.

The following people have made a cumulative contribution of $1,000 or more between January 1, 2015 and December 31, 2015. Your support helps St. Joseph's Health Centre keep a Promise to make this community one of the healthiest in Canada.

THANK YOU FOR SUPPORTING NEW EQUIPMENT

Nuclear Medicine Gamma Cameras

Thanks to your support, St. Joe's has two new Nuclear Medicine Gamma cameras. This technology sees inside the body to diagnose different kinds of diseases without the need for surgery, and can help see if an organ is functioning properly. The new cameras have advanced technology, reducing the scan time to almost half and also reducing the exam wait times.

Portable Defibrillators

Your support has purchased new defibrillators for our code blue carts. This is important because when a code blue is called, a team at St. Joe's steps into action quickly knowing a patient is in cardiac arrest. The code blue cart includes life-saving equipment like a portable defibrillator to shock the heart.

Blood Pressure Monitors

Your gifts helped purchase new blood pressure monitors for our Emergency Department, where almost every patient gets their blood pressure tested when he/she arrives.

REMEMBER ST. JOSEPH'S HEALTH CENTRE IN YOUR WILL

When you name St. Joseph's Health Centre in your will, you are making sure great care is always here in our west-end community. It's a wonderful way of taking care of your family, friends and neighbours for generations to come. You can also give appreciated securities or donate life insurance, RRSPs or RRIFs.

When you leave a legacy gift like this, you will become part of our St. Joseph's Society – a group of special people who are supporting care in our community for the future. Thank you to our St. Joseph's Society members

To learn more about how you can remember St. Joseph's in your will, or other ways of leaving a legacy, please contact Michelle Marchetti at 416-530-6486 ext. 3452 or mmarchetti@stjoestoronto.ca. You can also visit our website at supportstjoes.ca and look under Ways to Give.

Pictured above from left to right: Ravi's neighbour Bruce Karten, Thinnalur 'Ravi' Ravishankar, Saroja Raganathan and Dr. Narasimhan Raganathan at St. Joseph's Health Centre Foundation's Donor Wall.

MY PROMISE TO SUPPORT ST. JOE'S

Thinnalur Ravishankar, Ravi to his friends, came to St. Joe's in early April to celebrate something very special. He made a gift of $10,000 to support our community health centre and his name is now on our Donor Wall. "I came to Canada as a young man," he says. "I have known Dr. Raganathan and his wife since I came to Toronto and my parents had asked them to check in on me while I was here and we became very close."

Ravi's gift is in honour of Dr. Raganathan and his wife Saroja, recognizing their 48 years of friendship, and to support oncology services. "I've turned to St. Joe's for care as well and I am so grateful to have this hospital in my city. I am proud to help however I can."

IN TRIBUTE

We received donations to remember or honour the following special people from January 1, 2015 to December 31, 2015. Call us at 416-530-6704 or visit supportstjoes.ca to make a meaningful gift in memory or to honour someone special to you.

My promise to help people with cancer

As a firefighter, Kyle runs in full protective gear all the time. But on April 3rd, he didn't put on his heavy uniform to run into a burning building. He dressed in full gear to run five kilometres to help raise funds to help patients at St. Joe's fighting cancer.

"My grandfather was a firefighter for 32 years with the City of York. He was my hero and why I decided to become a firefighter," he says. "When he died in November from cancer, I wanted to give back by raising funds in his honour. It's my way of thanking the Oncology Clinic for caring for him throughout his cancer treatment."

Kyle ran in his protective gear for five kilometres in 38 minutes to raise more than $2,000 to help support the Oncology Clinic, a priority of our $70 million Promise Campaign.

SAYING THANK YOU TO YOUR ST. JOE'S TEAM

Every member of our St. Joe's team listed here – whether a doctor, nurse, allied health professional, staff, volunteer or student – was recognized for their knowledge, compassion and always keeping a promise to be there for our patients and their families. These people made such a difference in someone's life that a gift was made to thank them in 2015 through our St. Joe's Circle Program. You can honour someone at St. Joseph's Health Centre too by calling us at 416-530-6704 or visiting supportstjoes.ca under Ways to Give – Thank your Careprovider.

"Our son River was born five weeks early and spent 16 days in the Neonatal Intensive Care Unit."

For his sixth birthday, River raised $50 because he wanted to help babies who were born early like him. We are so grateful to the team at St. Joe's for his care during those early days, and River is too."

You can thank your doctor, nurse or your St. Joe's team too. Name them to the St. Joe's Circle by making a gift to say thank you. Visit supportstjoes.ca, call 416-530-6704 or come by our Donations Office on the first floor of the Health Centre.

Sandy Steen and Jennifer Shin with son River.

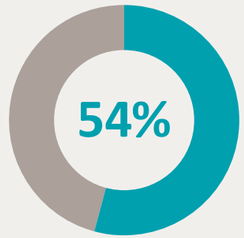
YOUR IMPACT IS HELPING KEEP THE PROMISE

Here are some examples of the equipment and technology you made possible.

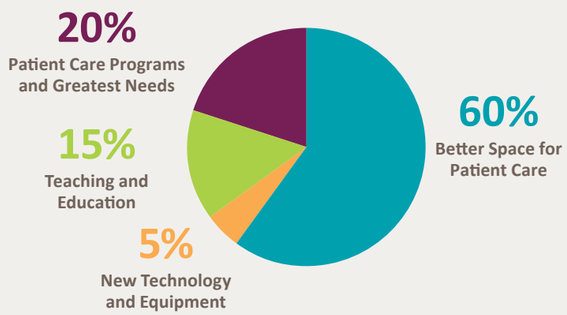
- Interventional Suites – Phase 1 underway
- Blood pressure analyzers
- Cardiovascular Echo Ultrasound System
- Nuclear Medicine Camera
- Psychiatric beds
- Defibrillator for code blue carts
- Orthopaedic surgical tools
- Shoulder positioner
- Pressure reducing mattress
- Mobile patient lift
- SPOT monitors
- Spectrum analyzer
- Fetal monitor
- TV screens for inpatient units

... and much more!

PROMISE CAMPAIGN – THANKS TO YOU, WE'RE OVER HALF WAY THERE!



Our west-end community is coming together to support Promise. Thanks to your promise to support the campaign, about $38 million has been raised to-date towards our $70 million goal. The chart below shows where your generous contributions have been directed to help St. Joe's take care of you, your family and your neighbours to make our west-end community one of the healthiest in Canada.



Be sure to visit supportstjoes.ca to learn more about our campaign progress. Just click on Promise Campaign – Delivering on our Promise. You can also read our Privacy Policy under About Us – Accountable to You.

OUR COMMUNITY OF ANGELS

Supporters who give monthly help St. Joseph's fund new and emerging priorities. The following people are called our Community of Angels because they gave a monthly gift between January 1, 2015 and December 31, 2015.

community of angels

John receiving a Legend Award in March to recognize his commitment to living the mission and values of St. Joseph's Health Centre.

"I am on the front-lines in providing care to our community's most marginalized neighbours, 24 hours a day, seven days a week," says John Richmond, a community social worker with the Assertive Community Treatment team (ACTT) at St. Joseph's Health Centre. "I am also a donor. I make a promise to give back because I am so proud to support St. Joe's. I see first-hand the care and support our doctors and staff provide to patients, and I have seen the difference giving has made in making our facilities better and making sure we have the latest equipment. Donating monthly is doing my part to help in another way."

John Richmond

You can join John by giving monthly to become a Community Angel.
Call Daria Olynyk at 416-530-6486 ext. 3859.

ST. JOSEPH'S NEWS

ST. JOSEPH'S EARNS HIGHEST POSSIBLE QUALITY RATING FROM ACCREDITATION CANADA.

St. Joseph's rang in 2016 learning it earned Exemplary Standing – the highest possible quality rating – by Accreditation Canada. Accreditation Canada is a national organization that sets standards for quality and safety in healthcare and accredits organizations in Canada and around the world based on how well they meet those standards. After a review of the Health Centre's clinical and operational practices, Accreditation Canada announced that St. Joe's met or exceeded 99.9% of national quality standards and all 30 Required Organizational Practices.

DID YOU KNOW?

St. Joe's physicians and staff care for people both inside and outside the Health Centre. A growing number travel to third-world countries to share their expertise by teaching others. Go to stjoestoronto.ca to read about Dr. Suzanne Wong's experience in Kenya screening women for cervical cancer. And be sure to watch for a story coming soon on Dr. Michael Ko, Dr. Jerry Maniate and Dr. Andrea Miller visiting Ethiopia to teach other doctors.

NEW PAEDIATRIC OUTREACH CLINIC AT PARKDALE JUNIOR AND SENIOR PUBLIC SCHOOL

On February 10, St. Joseph's Health Centre and the Toronto District School Board opened the doors to a new Model Schools Paediatric Health Clinic located at Parkdale Junior and Senior Public School. The clinic, which will be operated by the TDSB Model Schools for Inner Cities Program and St. Joseph's Health Centre, will provide healthcare services to hundreds of students and their siblings (up to Grade 8) from Parkdale Junior and Senior Public School and surrounding schools.

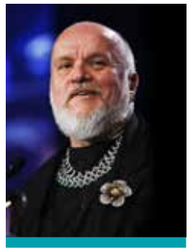
A team of St. Joe's clinicians, including family physicians, paediatricians, a paediatric neurologist, and a developmental paediatrician, will support the clinic and provide assessment and assistance to children with general school challenges, developmental concerns and behavioural issues.

ST. JOE'S URBAN FAMILY HEALTH TEAM NAMED 2015 FAMILY PRACTICE OF THE YEAR

The Ontario College of Family Physicians has recognized our Urban Family Health Team for delivering exceptional patient care. For more than 26 years, this team has responded to the health needs of our neighbours and adapted their practice to meet those needs. For example, they provide better access to care by offering flexible and evening appointments and visits to the elderly who can't leave their homes, and ensuring programs for pregnant women, people with chronic diseases and those with mental health challenges.

ST. JOSEPH'S HONOURS

Salah Bachir honoured as Outstanding Volunteer



Salah Bachir, a generous supporter of St. Joseph's, was named Outstanding Volunteer by the Association of Fundraising Professionals recognizing his commitment to helping organizations like St. Joe's fulfill their mission to help others. Maria Dyck, Foundation President and CEO, describes him as a "transformative volunteer and tremendous philanthropist who dedicates himself to making our community a better place."

Thanks to Salah's lead support and fundraising, St. Joseph's will start construction this fall on the Bachir Yerex Family Dialysis Centre with more capacity and better equipment. Salah also brightened up the Health Centre for patients again this past holiday season as the Honorary Patron of our Share your Light Festival.

Thanks to you, St. Joe's Foundation is a High Performer!

St. Joseph's Health Centre Foundation has been recognized by one of our professional associations, the Association for Healthcare Philanthropy. We are one of only 45 foundations in the United States and Canada singled out as "High Performers" based on their analysis from their 2014 benchmarking database, and specifically on the highest levels of net production returns.

Volunteer Service Award for Marilynne Day-Linton

Marilynne Day-Linton is a Foundation Board member and former Chair who has volunteered for more than 10 years to support St. Joe's. In April, Marilynne was recognized with a 2016 Ontario Volunteer Service Award by the Honourable Michael Chan, Minister of Citizenship, Immigration and International Trade, recognizing her dedication and contribution to our community.

SAVE THE DATE

2016 Events in your community

Have some fun and support St. Joe's at the same time! Mark the following dates on your calendar and go to supportstjoes.ca to register or find out more about what's coming up. If you have any questions, would like to volunteer or become a sponsor, please contact Renata Bell at events@stjoestoronto.ca.

SHARE YOUR LIGHT FESTIVAL
November 23, 2016

Help welcome the holiday season to St. Joe's at our annual Share your Light Festival. Watch for more details.

Promise.

The St. Joseph's Promise.

I've stood here for nearly a century.
I've watched a community grow,
and I've grown with it.

Every beginning and every end.
The young and the old, the loved
and the lonely, the vulnerable
and the compassionate.

As long as there are new ways
to care for this community,
together we will find them.
As long as you need me,
I will be here.

Promise.

To watch our Promise video, go to supportstjoes.ca today!
