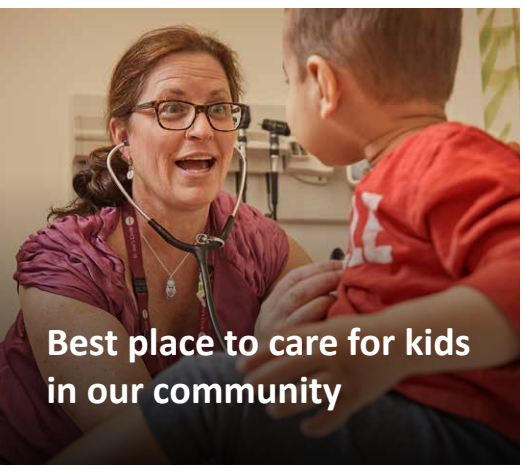
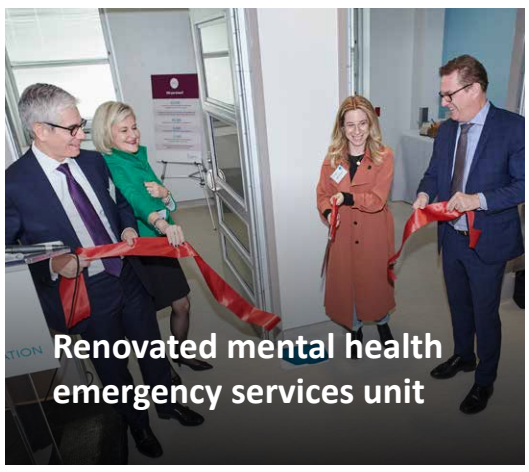
Second row, left to right: Michael Talmage; Luciana Huff; Patrick Walsh; Jeff Snowden; and Laurissa Canavan. Front row, left to right: Roman Dubczak, Past Chair, Foundation Board of Directors; Simon Nyilassy, Chair, Foundation Board of Directors; Brendan Shanahan, Campaign Co-Chair; Victor Dodig, Campaign Co-Chair; and Maria Dyck, Foundation President & CEO. Not pictured: Chris Bratty; Tamara Bratty; Marilynne Day-Linton; Ken Grewal; John Hastings; Paul Hill; Louise Hucal; David Kincaid; George Myhal; Afrim Pristine; Connie Stefankiewicz; Bernadette Testani; and Elizabeth Wademan Huculak.

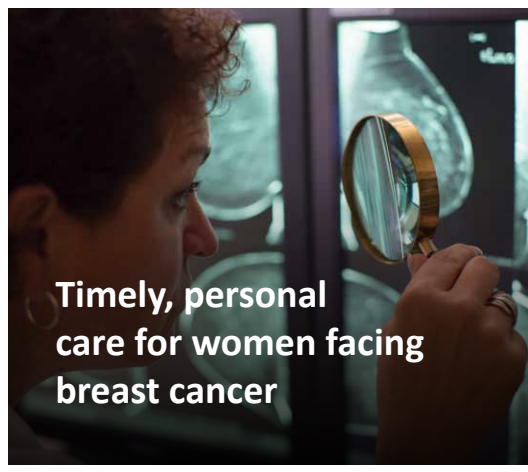


Best place to care for kids in our community

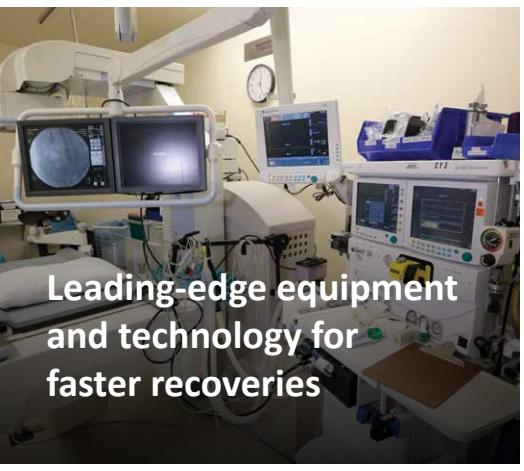
Expanded dialysis centre for better care



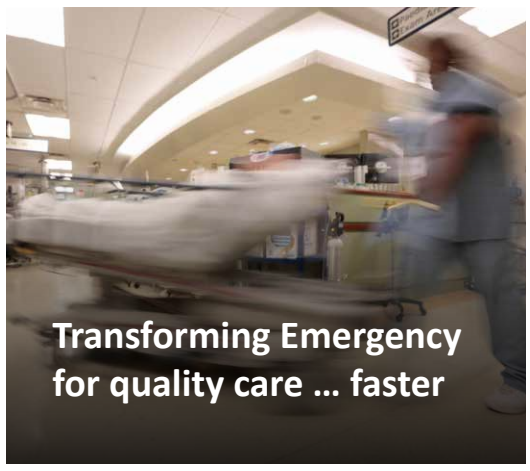
Renovated mental health emergency services unit



Timely, personal care for women facing breast cancer



Leading-edge equipment and technology for faster recoveries



Transforming Emergency for quality care … faster

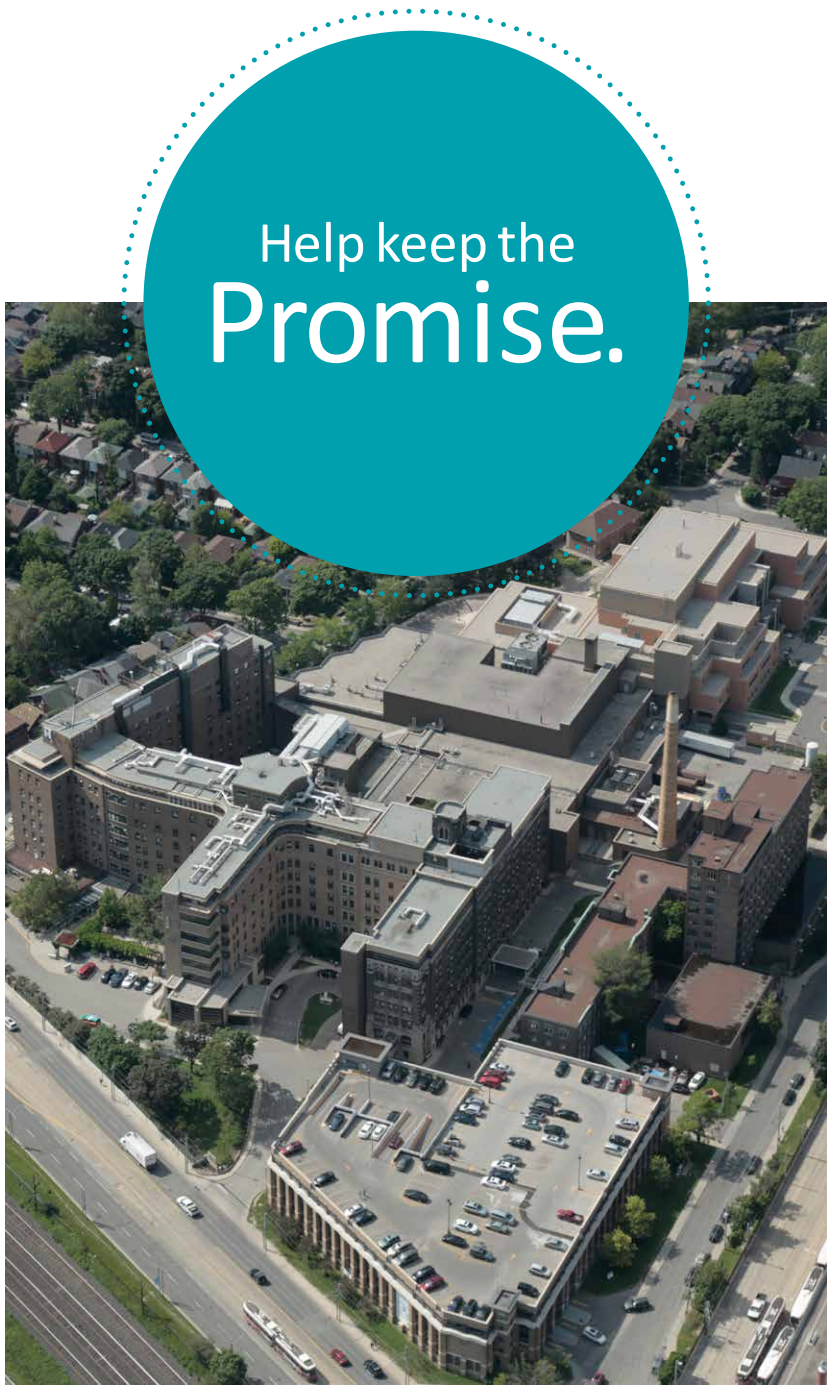
Dedicated palliative care centre for patients

A new Learning Centre to teach and educate our staff and physicians

Thank you for helping keep the Promise to meet the health-care needs of our west-end community. See the difference you are making inside…

ST JOSEPH'S HEALTH CENTRE FOUNDATION

We're making St. Joe's history… thanks to you!



St. Joseph's Health Centre is celebrating a historic milestone. Our community has donated over $100 million to help us keep an important Promise first made almost 100 years ago – to always be here to care for our west-end neighbours.

This outpouring of support from our community has been incredible. It speaks to the great work of our staff and physicians. Most donors give because they've had care at St. Joe's. They were born here, had care here, brought their children to us when they were ill, or have spent time with loved ones at St. Joe's. This lifetime of care prompted almost 70,000 donations from our west-end neighbours.

Leading the Promise Campaign were two west-end Co-Chairs: Victor Dodig, President & CEO, CIBC, and Brendan Shanahan, President and Alternate Governor for the Toronto Maple Leafs. They were born in the west end and St. Joe's has been there for them and their families. Assisting them were our strong group of local leaders also with west-end connections who made up our Campaign Cabinet.

Four years ago, our goal was to raise $60 million. Today we've raised over $100 million and have exceeded the goal by 143%. We've had four $10 million+ gifts, more than almost any other community hospital campaign in Canada. In this special issue, you will see the impact $100 million has had so far… and there is more to come. We have new facilities throughout St. Joe's for children, women, people with cancer, those who need dialysis, and people of all ages who turn to us for help with their mental health. Construction is also underway on a dedicated breast centre, as well as a palliative care centre that will overlook Lake Ontario.

This is just the beginning. Read about Promise[100] and how we are renewing our Promise to the west end as we mark our 100th Anniversary in 2021. We are looking to our neighbours to continue to help us and hope you will join us by showing your support so we can be there for you, when you need us most.

Thank you for helping support our Promise to meet the health-care needs of our west-end community.

Maria Dyck
President and CEO
St. Joseph's Health Centre Foundation

Simon Nyilassy
Chair, Board of Directors
St. Joseph's Health Centre Foundation

The St. Joseph's Promise.

I've stood here for nearly a century.
I've watched a community grow,
and I've grown with it.

Every beginning and every end.
The young and the old, the loved
and the lonely, the vulnerable
and the compassionate.

As long as there are new ways
to care for this community,
together we will find them.
As long as you need me,
I will be here.

Promise.

Promise Campaign Co-Chairs: Victor Dodig, President and CEO, CIBC, and Brendan Shanahan, President and Alternate Governor, Toronto Maple Leafs Hockey Club.

“Our Promise is to give back to the community we’re from.”

“We are so incredibly proud to be part of this community that does whatever it takes to support St. Joe’s … and to stand behind a hospital that puts the needs of the community above all else. With your help, St. Joe’s will keep meeting the needs of our west-end families and friends. Promise.”

Peter Gilgan with his mother at the celebration.

“My Promise is to make sure St. Joe’s remains a vital resource for new families in our community.”

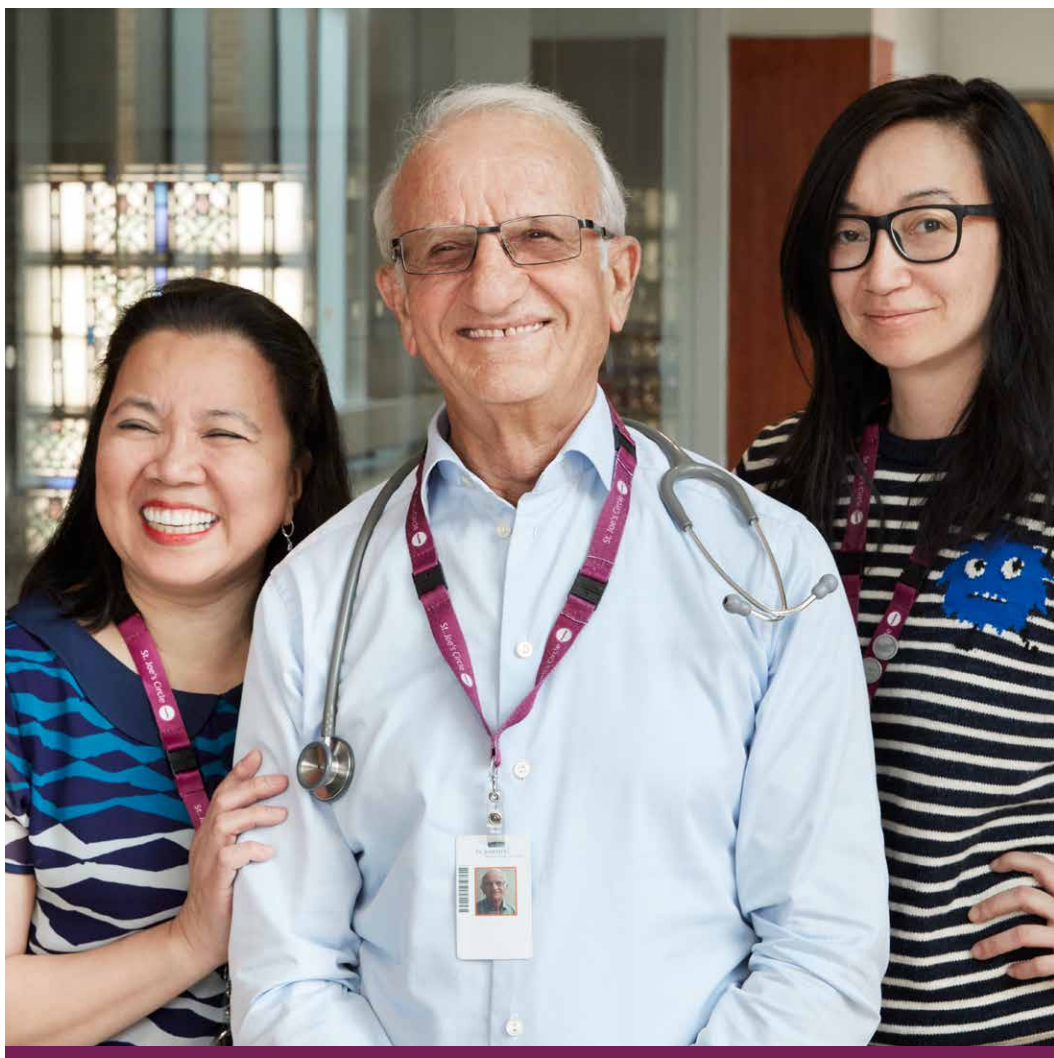
“My parents started our family in the west-end and I was born here along with my six siblings. The importance of community care and supporting St. Joe’s 500,000 neighbours who rely on this valuable community hospital cannot be overstated.” Peter Gilgan’s gift of $10 million will modernize patient spaces like our ambulatory care centre to ensure a better experience, and help purchase new equipment and technology. In recognition, the Glendale Wing will be renamed the Gilgan Family Wing.

Promises made. Promises kept.

Luciana Huff with her children Alicia and Tyler.

“Our Promise is to help St. Joe’s care for our families in the west-end.”

“My husband and I believe there is no better place to raise a family than the west-end. Our family is proud to support St. Joe’s and happy to be among the donors who helped raise $100 million to care for this community. This is only the beginning. Our Promise doesn’t end.”



Nonita Parraba, Dr. Stavros Karanicolas and Connie Vo have been named to the St. Joe’s Circle, a program that enables patients and their families to recognize our careproviders and staff.

“We are here to help take care of our community.”

“The care we provide every day is only possible with the support of donors who fund the spaces and technology we need to help others. Thank you to everyone in this community for joining us in supporting St. Joe’s.”

The Oncology Patient and Family Waiting Area was one of many areas we opened, recognizing donors like the Carnevale family who made the new space possible to improve the experience of our patients.

Our Foundation is fortunate to have had terrific leadership from our Board of Directors during this campaign, including former Board Chairs Larry Chapman and Roman Dubczak (pictured here), as well as Marilynne Day-Linton.

The Salah Bachir Show hosted by Salah Bachir brings out wonderful entertainers to raise critical funds for St. Joe's each year.

Our community and so many of our staff and physicians have come together to support many projects, including the Dr. Jennifer Bender Block Room in our surgical area. The room is named in honour of anaesthetist Dr. Bender, a member of our Cycle 4 St. Joe's committee who passed away suddenly at the age of 43. Here, her kids help officially open the room.

Neighbours helping

A strong community is built by people who believe in helping their neighbours. People like you. Thank you for helping keep the Promise to always be here to meet the health needs of our west-end community. Whether you give, sponsor, come to an event or tell others about St. Joe's, you are making a difference.

Here are some of the volunteers who have helped support the Promise Campaign.

Enthusiastic riders at the Cycle 4 St. Joe's starting line.

Every year, more than 300 riders set out to Cycle 4 St. Joe's after months of training. The victory is personal, while raising funds for important needs at our Health Centre. Thank you to our amazing Co-Chairs Bob Clark and Larry Chapman, shown here with Board member Roman Dubczak and Foundation President Maria Dyck.

In June 2019, many of our donors gathered outside St. Joe's to celebrate a historic $100 million raised for St. Joe's.

Local groups play a big role in helping St. Joe's keep the Promise. Think Fitness is just one example of a local business that participates in our events and hosts their own events like The Big Payback to support St. Joe's.

St. Joe's Annual Fall Classic Golf Tournament is getting bigger every year. 2019 was a record year, with thanks to our Chair Michael Talmage and lead sponsor Pfaff seen on the greens here.

Thousands of dollars have now been raised in memory of Luka Ruzycky, a young boy who passed away due to heart problems. Family and friends have been so generous in raising money to purchase new cardiology equipment for our community.

Thanks to our neighbours, campaign support has helped improve inside our Health Centre and out. The gardens outside the Our Lady of Mercy Wing are now named in honour of Rocco Donald Belvedere, thanks to a gift by Sandra Belvedere.

Kids are supporting St. Joe's in a number of ways. They have opted for donations instead of birthday gifts, they have sold lemonade, and in this case, west-end neighbourhoods have had street sales with proceeds to help keep the Promise.

A special event was held to honour the late Dr. Aldo Boccia who was a beloved St. Joe's dental surgeon and the most generous medical staff donor to the Health Centre. Since 1986, Dr. Boccia and the family donated over $100,000.

St. Joe's has a group of like-minded leaders who are raising awareness and engaging the community in supporting St. Joe's. Our Young Professionals are being led by Dave Mundy and Martin Fox to inspire the next generation of philanthropists.

When Nordstrom moved into town, they held Nordstrom Night Out to support two neighbours – St. Joe's and Big Brothers Big Sisters of Toronto. St. Joe's received $70,000 towards the Promise Campaign to help meet the health needs of our west-end community.

Work is being done to improve our clinic spaces thanks to the Promise Campaign. Here, Dr. Davidson cuts the ribbon at the official opening of the redeveloped Infusion Clinic, honouring his 50+ years of service.

St. Joe's Toronto West Halloween Fest moved to CF Sherway Gardens in 2019 for more family fun to support care for kids.

It's wonderful to have Swansea School of Dance as a long-time partner.

Our friends at CIBC and The Cheese Boutique raised $17,500 to support our first-ever St. Joe's Promise Month.

West-end families join us every year to help brighten St. Joe's at our annual Festival of Lights. It is a great time to celebrate our collective support for our community health centre during the holiday season.

St. Joe's has been a proud beneficiary of McHappy Day at our local McDonalds on the Queensway.

Every year, children enjoy visiting our booth at the fall community festivals.

The St. Joe's Plate comes to Woodbine Racetrack every year to raise funds for mental health care, thanks to our passionate volunteers.

St. Joe's has its own Santa in Salah Bachir who donates all of our holiday lights and decorations to make sure St. Joe's shines bright over the holidays.

A Promise is support.

There's no better place to raise a family than the west end.

Donors have helped us respond to the needs of a growing community by expanding our services for children, transforming our children's floor and improving our one-of-a-kind CIBC Just for Kids Clinic.

"I have a long history with the amazing work done by St. Joe's – a history that dates back to the day I was born here," says Victor Dodig, President and CEO of CIBC and Co-Chair of the Promise Campaign. "It's wonderful to help open the new CIBC Just for Kids Clinic to provide expanded and innovative health-care services to families and kids in the west end."

Victor Dodig gets a first-hand look at the new CIBC Just for Kids Clinic. Special thanks to everyone in our community who has generously supported care for our west-end families.

A Promise is time.

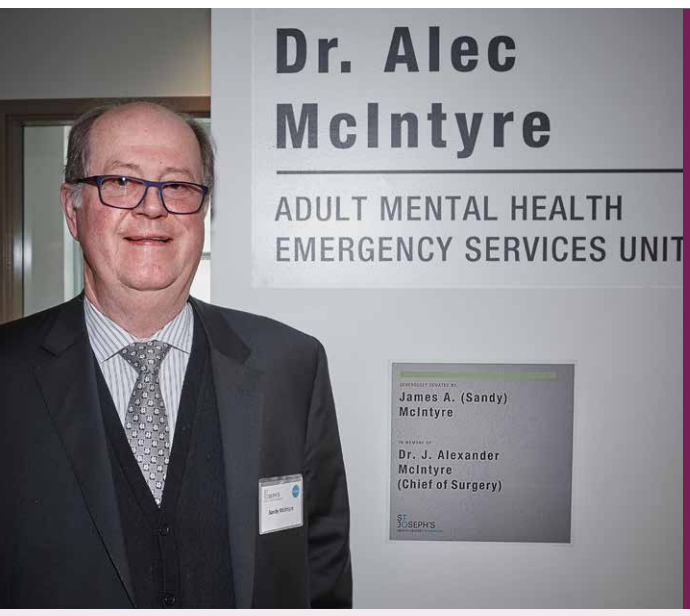
Better dialysis care is close to home.

Our community is getting older and living longer with chronic diseases. We responded by opening an expanded Bachir Yerex Family Dialysis Centre with new equipment so people living with chronic kidney disease have a better space for lengthy treatments close to home.

"There is so much need in our communities and it gives me great pleasure to help," says Salah Bachir. "St. Joe's is a particular passion of mine because as a member of the west-end community and a patient, I want to help my neighbours get the best health care possible."

Lead donors Salah Bachir and Jacob Yerex at the opening of the new dialysis centre named in their honour.

West enders, let's celeb
milestone and better ca



Lead donor Sandy McIntyre at the opening of the new Mental Health Emergency Services Unit. Thank you to everyone who has come forward to support mental health care at St. Joe's.

Long-time donors Julia Bratty and Tamara Bratty, also a Foundation Board member, at the Ladies' Lunch. Many donors have supported our new breast centre, which is now under construction.

A Promise is hope.

Hope for so many people in our community facing mental health challenges.

Our community has one of the highest concentrations of mental illness in Toronto. St. Joe's has over 70,000 visits every year from people living with mental illness, including more than 6,500 of the most vulnerable who now receive immediate care in our new Mental Health Emergency Services Unit.

"My father was the Chief of General Surgery at St. Joe's when I was a child. I wanted to honour his memory at a place that played an important role in my life, and help build a better space to care for people with mental illness," says Sandy McIntyre. "I know there is a great need for more mental health services in the west end."

A Promise is personal.

A new way of caring for women facing breast cancer gives them individualized, timely care so there's less waiting.

Women in the west end need greater access to breast screening and supportive care. The new Geoffrey H. Wood Foundation Centre of Excellence in Breast Cancer Screening and Treatment will open in 2021 to expand its capacity to screen and diagnose twice the number of women for breast cancer.

"St. Joe's is our family's hospital – it's always been here for us and we're happy to help," says Tamara Bratty, who with her sister-in-law Julia Bratty organize a Ladies' Lunch every spring to support St. Joe's. "We started with raising funds for the children's floor, so when that opened we said 'what's next?' That's when we turned our attention to women's health and a new breast centre."

A Promise is access.

More equipment means getting care sooner.

Technology changes quickly and St. Joe's is keeping pace thanks to donor support. A new interventional suite allows our experts to perform image-guided procedures through tiny incisions to ensure a faster recovery for patients. A new fluoroscopy table has cut wait times in half for patients with urology conditions, and we have an Endo-Bronchial Ultrasound, an innovative tool to pinpoint lung cancer without surgery. Now we are expanding our MRI testing with one new machine coming this year and another to follow, thanks to Myron and Berna Garron.

"Our donation emphasizes the importance of community hospitals that are sometimes overlooked," says Myron Garron. "There's a great need to support new equipment to reflect technological advancements in medicine."

The Garron family's $11 million donation will increase capacity at St. Joe's – in time, twice as many patients can receive MRI exams at St. Joe's.

A Promise is reassurance.

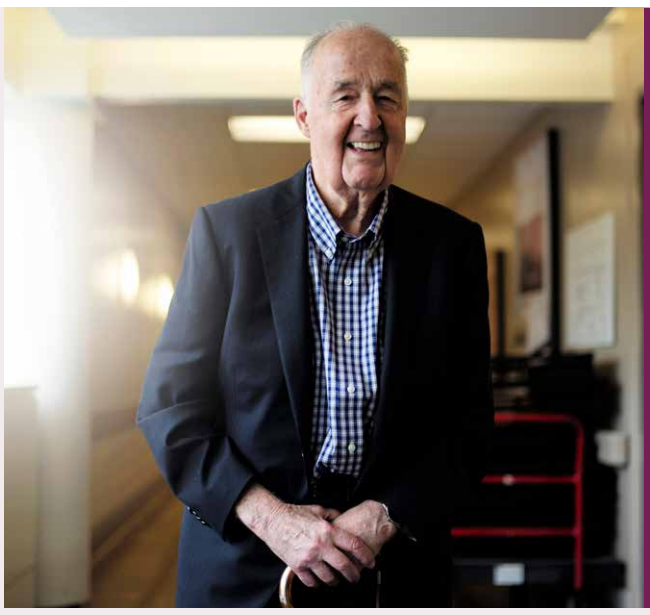
There's comfort in knowing you're in the best hands.

Marilynne Day-Linton says St. Joe's has always been there for her family, and she is happy to be there for St. Joe's by giving to where the needs are greatest.

"I donate and volunteer at St. Joe's because all of us in the west end need great care in our community," says Marilynne Day-Linton, who served on the Foundation Board from 2004 to 2017 and as Chair from 2010 to 2014. "Donating is personal for me. I have spent time in Emergency and throughout St. Joe's with my kids when they were growing up, and my father in his vulnerable senior years. The care here feels different."

Many of our donors like Marilynne support the greatest needs at St. Joe's to help fund priorities that tax dollars do not always cover – for example, facility renovations and equipment. Transforming our Emergency Department is also a priority to provide timely, urgent care to our community as patient volumes continue to increase.

orate our $100 million+ are for our community.



The Koehle family's $11.6 million gift is one of the largest in our history – it's a tremendous legacy to ensure our community receives compassionate end-of-life support. Special thanks to everyone for supporting our new palliative care centre.

A prominent feature of the new Learning Centre is the new Lycklama Auditorium, named in honour of lead donor Ed Lycklama, that allows St. Joe's to host teaching events and conferences that help us as leaders in education.

A Promise is comfort.

When a loved one is facing their final days, you will have the care and compassion you need at our new palliative care centre.

When the new Lake House Palliative Care Centre opens in 2020, our west-end community will have supportive care for those facing end of life. This is possible thanks to Hans Koehle who never forgot the care shown to him at St. Joe's 60 years ago when he broke his neck diving into shallow water. His transformative gift now grants a wish to his late wife who wanted to support patients and families seeking palliative care as she did.

"My wife received exceptional care at St. Joe's but felt there was always more that could be done to support families at their most difficult time," says Hans Koehle. The new 15,000 square foot centre will have both private rooms and a day hospital for those facing end of life.

A Promise is solutions.

A new place to learn, train and share best practices in patient care.

The speed of new information and insights is extremely fast. Did you know our medical teams would need to read thousands of articles each week to keep abreast on the latest in health research and best practices? This is what motivated Foundation Board member Ed Lycklama to make a gift to help. "Our teams didn't have an optimal space that took advantage of today's technology to learn," he says. "It has been a challenge and I wanted to be part of the solution."

The new Learning Centre is now open and features multi-purpose spaces for teaching and larger events. It also takes advantage of technology to further collaboration with other learners around the world.

Thank you for helping keep the Promise!

It's inspiring to see a community come together. Thank you to all of our donors for generously supporting our Promise. The following lists the names of those who contributed cumulatively more than $10,000 to the Promise Campaign as of January 1, 2020. Together, we'll continue to meet the health-care needs of our community. Forever. Promise.

"My Promise is to always give back because I want our patients to have the best possible care."

"My donation helps support equipment and tools to help us do our jobs in caring for patients and making them feel comfortable. I give monthly and it makes me feel good."

"St. Joe's is very special to me,"

"My husband had a stroke eight years ago and the doctors and staff have taken such great care of him ever since. The kindness and compassion I've been shown inspired me to become a volunteer and name St. Joe's in my will. I believe in supporting the future of St. Joe's."

Judi Woolmer

“I made a Promise to say thanks.”

“I was very ill and close to dying. I am still here today because of Dr. Peter Mitoff and the Cardiac Care Unit at St. Joe’s. They took care of me after I had a heart attack and then again one year later when I got pneumonia. I always knew I was in good hands with Dr. Mitoff. I know if it wasn’t for him and the nurses, I wouldn’t be alive. I made a Promise to give back as my way of saying thanks.”

Help keep the Promise.

St. Joe's has been providing a lifetime of compassionate care for our west-end community for almost 100 years.

See how giving is on improving care

2016

A PROMISE TO OUR CHILDREN:

New CIBC Just for Kids Clinic (pictured above).

Updated spaces for kids including the Child, Adolescent & Family Mental Health Unit; Inpatient Care area; Surgical Day Care, and child-friendly waiting room.

A PROMISE TO CUT WAIT TIMES:

New fluoroscopy table to treat urological conditions (pictured above).

New Endo-Bronchial Ultrasound to diagnose lung cancer and other conditions.

New Interventional Suites for image-guided procedures.

New Dr. Jennifer Bender Block Room to improve orthopaedic care.

2017 – 2018

A PROMISE TO MODERNIZE OLDER SPACES:

New Oncology Clinic Waiting Room (pictured above).

Two renovated lounges in the Morrow Wing.

New Infusion Clinic.

A PROMISE FOR A BETTER EXPERIENCE:

New Rocco Donald Belvedere Gardens (pictured above).

New playground for children.

2019

A PROMISE TO OUR MENTAL HEALTH:

New Mental Health Emergency Services Unit (pictured above).

Renovated Outpatient Mental Health Unit.

A PROMISE TO THOSE LIVING WITH CHRONIC ILLNESSES:

New Bachir Yerex Family Dialysis Centre (pictured above).

New equipment for dialysis care at our community centre.

having an impact for our west end.

2020 and beyond

A PROMISE TO OUR MEDICAL TEAMS AND STAFF:

New Learning Centre (pictured above) to give our physicians, health professionals and staff access to a dedicated space for education and training.

A PROMISE AT END-OF-LIFE:

Lake House Palliative Care Centre (pictured above) is now under construction and will open in 2020.

The dedicated centre includes both a private inpatient area and outpatient clinic overlooking Lake Ontario.

A PROMISE TO WOMEN:

The Geoffrey H. Wood Foundation Centre of Excellence in Breast Cancer Screening and Treatment is under construction and will open in 2021 to ensure greater access to breast screening and supportive care.

A PROMISE FOR BETTER EMERGENCY CARE:

Raising critical funds to transform our Emergency Department is underway.

A new Emergency Department includes an improved children's area, greater privacy and new equipment.

A PROMISE FOR YOUTH WITH MENTAL ILLNESS:

Donor support will help build a new RBC Transitional Aged Youth Unit for young people with mental illness transitioning from children's care to adult care. Youth are a high-risk population who need specialized care and dedicated space for healing.

A PROMISE FOR BETTER CARE:

In 2020, St. Joe's will open the Gilgan Family Wing, recognizing Peter Gilgan's gift to modernize and enhance spaces for patients, as well as the Garron Family Our Lady of Mercy Wing to honour Myron and Berna Garron for their investment in equipment and technology.

A PROMISE TO BRING YOU THE LATEST TECHNOLOGY

Every year, donor support enables St. Joe's to purchase equipment and technology to improve patient care. For example, the first of two MRIs will be installed in spring 2020, our new breast centre will have new imaging equipment for screening when it opens, we have new technology in our Cardiology Unit, Eye Clinic and much more in all areas across St. Joe's.

100 Promise

St. Joe's is committed to forever meeting the care needs of the west end.

Promise[100]

As we mark our 100th Anniversary in 2021, we renew our Promise to the west end with a commitment to meeting the care needs of this community. Especially when you need us most.

Promise[100] is a commitment to be there for our west-end community for the next 100 years with great care close to home.

But we can't do this alone. We need your help to ensure the amazing care you and your family receive, matches the environments in which you receive it. This means expanding and improving our Emergency Department, creating more and better care spaces, and improving our care equipment and technology.

Now more than ever, we will call on each and every one of our west-end neighbours to build on our Promise of the past 100 years and continue to help St. Joe's meet the care needs of this community for 100 more.

We need west enders rallying together like never before.

We need you to support Promise[100] to help us meet the care needs of the west end.

Together, we will continue caring for this community.

For the next 100 years and beyond.

Promise[100]

Give today so St. Joe's can keep meeting the needs of our west-end community. Forever. Promise.
